

# RECYCLE TWINE HERE

Clean twine is being collected and sorted by local youth groups as a community service and fundraiser. It is processed into pellets which are then used for manufacturing plastic products.

This program is sponsored by Community Twine Recycling Inc.

**Thank you for recycling your twine. Please note the following:**

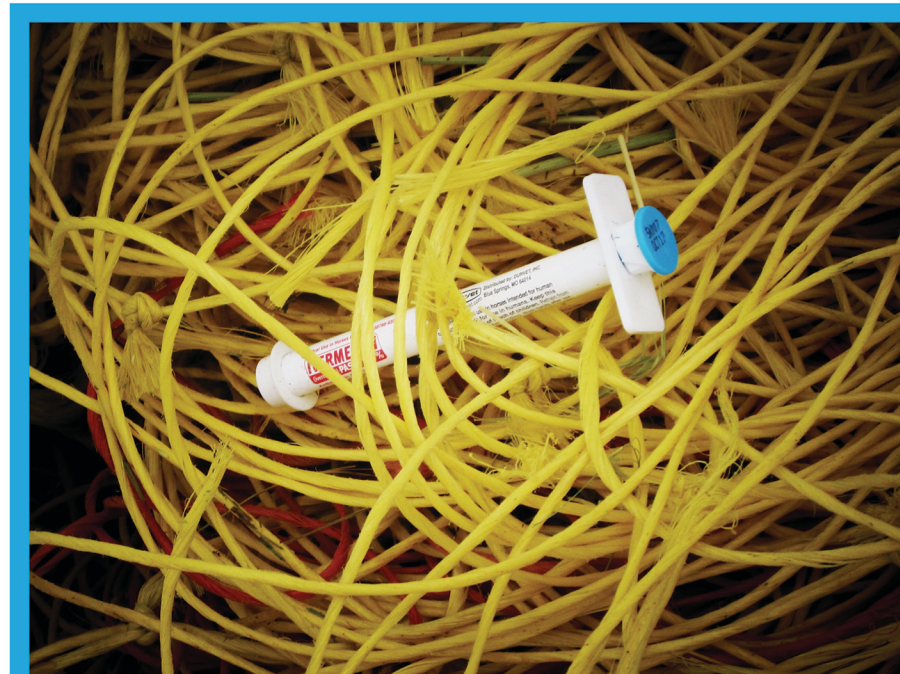

**NO net twine**, or other agricultural plastics.

**NO hay or cornstalks.**

**NO Sisal twine.** Sisal is biodegradable.

**NO trash.** Please remove vet needles, horseshoes, and other foreign objects.
